

BOUNDARIES OF  
TOWN EXTENDED

Brownstown Corporation Extension  
Case Settled By the Circuit  
Court.

## TWO DIVORCE CASES FILED

Town of Brownstown Is Defendant in  
a Suit Filed Under Free Anti-  
toxin Law.

The case of the Town of Brownstown against Jonathan Robertson, known as the corporation extension case, has been tried in the circuit court upon an appeal from the commissioners' court, and a decision was given ordering the annexation of three lots. Some time ago the town council undertook to annex six lots and the case was tried before the commissioners. When the case was called in that court the town attorney moved to strike out three of the six lots, which the board refused to do, and dismissed the entire case. It was then appealed and after a hearing granted the dismissal of the three lots and ordered the other three annexed. One of the lots includes Fairview cemetery.

The town of Brownstown is also a party in another case filed by Charles Brock. In this proceeding the plaintiff has brought suit to collect for antitoxin, which was used under the free antitoxin law. The town refused to allow the money for the antitoxin and the case was first tried before Justice of Peace William Daly. The town board was of the opinion that the bill should have been paid by the township trustee as he collects the only poor levy made. Justice Daly gave judgement in favor of Brock and the case has been appealed.

In the circuit court William E. Akers has filed a suit against his wife, Lottie Akers, for divorce. The plaintiff charges the defendant with cruel treatment, that she cursed and abused him, calling him a drunkard and other vile names; that she assaulted him with her fist and upon one occasion dislocated one of his thumbs in striking at him; he further charges her with refusing to cook his meals, that she said she would not live with him and did abandon him.

A divorce has also been asked by Dora A. Green from her husband, Thomas Green. Parties were married June 5, 1910. Cruel treatment is charged by the plaintiff in her complaint for divorce; she says the defendant would strike her in a rude and angry manner and that he was an habitual drunkard.

Other news cases filed are:  
Robert S. Bowery vs. George C. McDonald; on notes, demand \$150.  
Wm. Empson vs. Azariah Empson; notes and to foreclose mortgage.  
Henry Eggersman; petition for a drain.

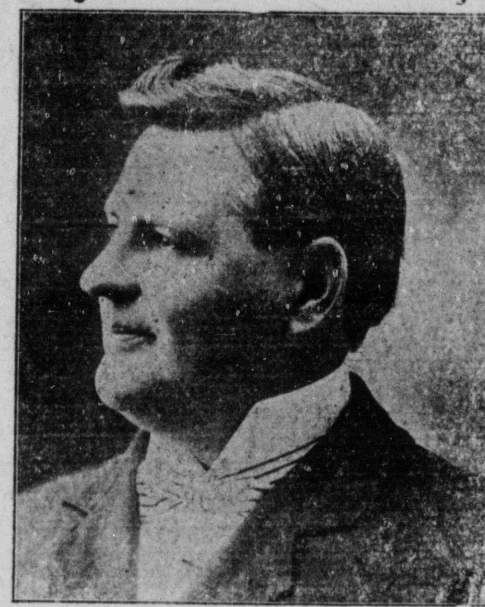

The cases disposed of follow:  
State vs. John Jamison, rape; dismissed.  
Mary Dunlap vs. Charles Dunlap; divorce granted plaintiff.  
Hamlin Smith vs. Fred H. Brown; mortgage foreclosed.  
Arthur J. McDonald vs. A. C. Branaman; judgment revived.

## 100 YEARS OLD.

Grandma Sanderson, of DeWitt, Mo.,  
Has Lived a Long and Useful Life.

Grandma Sanderson is a wonderful  
woman. She is in as good health to-  
day as ever in her life, although she  
is over one hundred years old.

In a letter to the Peruna Drug Mfg.  
Co., she gives the highest credit to Pe-  
runa for her excellent health and ex-  
treme old age. Read what she says.

Surely the evidence presented by  
such cases as these ought not only to  
dispel prejudice against Peruna, but  
inspire confidence in it.

"I will send you a picture that was  
taken a few weeks before my hun-  
dredth birthday.

"I am a true friend of the Peruna  
Company. I have derived great ben-  
efit from Peruna many times. I can  
say I regard Peruna a very great med-  
icine. I found out the merit of it a  
good many years ago.

"A little more than two years ago I  
contracted a very severe cold, which  
resulted in la grippe. Owing to the  
severity of the disease, and my ex-  
treme age, my case was considered to  
be very critical. I employed no doc-  
tor, but Peruna was the remedy I  
used, and to-day my health is as good  
as it ever was in my life.

"However, I still continue to take  
Peruna, a spoonful every night before  
retiring."

Peruna is an ideal tonic for old  
people. It is a compound of herbal  
remedies that has been known to the  
medical profession for many years.

Peruna operates as a tonic by cleans-  
ing and invigorating the mucous mem-  
branes. This explains why Peruna  
has become so extensively known as a  
catarrh remedy. Catarrh is simply a  
condition of depraved mucous mem-  
branes. Peruna changes this depravity  
into healthful vigor.

A great many old people use Peruna,  
and would not be deprived of it for any  
consideration.

People who object to liquid medi-  
cines can now secure Peruna tablets.

# For Business Use

There are a great many places and occasions when the possibility of getting extra heat immediately effects an economy by decreasing the discomfort of the worker. In the office, in the early morning or late at night, before or after the steamheat is on, it is of importance to have extra heat. In the builder's outside office, in the shipping room, in the checker's shack, on exposed lofts, in railroad stations, in studios, the

Has automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

It has a cool handle and a damper top. An indicator always shows the amount of oil in the font. The filler-cap it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for reworking.

### THE CONFERENCE.

Next week a conference will be held between the railroad commission and the managers of the interurban lines at which time, it is expected, some plan will be adopted for safer traffic. This conference was, doubtless, hastened by the several disasters which occurred a few months ago in which the lives of many helpless passengers were lost.

The managers of the interurban lines should be, and no doubt are in favor of any reasonable measures which will result in greater protection for their passengers. From the recent traction wrecks, however, it seems, that the principal difficulty lies not so much with the managers of the roads as with the employees who are given charge of the various cars. In many of the wrecks which have occurred it has been found that the orders were disobeyed, and that if the cars had been run according to the orders given, the accidents would have been avoided.

Just what action will be taken is not known definitely, but it is thought that the commission will recommend that certain new equipment be purchased and installed immediately. If this is necessary and reasonable and will result in greater safety to the passengers the managers of the traction lines ought to be in favor of the additional expense and adopt the safeguards as soon as possible.

It seems to us that if reasonable precaution is taken by the management of the roads for the safety of the traveling public, an effort should be made to enforce more rigidly the orders which are issued. It is true, employees in whose care the cars are placed are held responsible for any accidents resulting from their wilful negligence and may be punished, but with a few exceptions this is not done. Whether this is the best means to prevent accidents is a question for the railroad commission to decide and will be taken up and given due consideration at the proper time.

It is understood that the brewers have prepared a bill as a substitute for the local option measure, which will be presented to the legislature. The bill has been designated as a model liquor law. If such a bill is prepared by the brewers, what about their resolution to remain out of politics?

Governor Marshall has started to prepare his message which will be delivered at the coming legislature. The message will deal with public finances, and will advocate greater economy in all departments. Nothing will probably be said regarding stricter economy in the Governor's office.

The new legislators are having much to say about public economy, but if fewer men are given positions, in the house and senate how will all those democrats who have been wanting jobs for so long a time, feel about it?

## Taft's GOLD BADGE SAID TO BE OF BRASS

Convict Engraver Says Railroaders Were Imposed Upon.

Worcester, Mass., Dec. 16.—The gold badge presented President Taft on April 4 in this city by the railroad men of North America is of brass, and made by convict labor in the Worcester county jail, according to A. F. Hutchinson, an engraver confined at the jail for assault committed two years ago. Hutchinson told George T. Hook, chairman of the county commissioners, that the badge is brass covered with a thin plating of gold. He said that he engraved it.

This information came out accidentally in the investigation of the charges of favoritism in the treatment of prisoners brought against the jail officers.

Representatives of the local trainmen say that they paid a Worcester Jeweler \$900 for the badge and presented it to President Taft in good faith. The jeweler told them it was being made in Providence. The badge is about five inches long and bears the monogram of the railroad men's union.

### COAL MINE BLAZING

Another Disaster Reported, This Time From Colorado.

Denver, Col., Dec. 16.—Entombed and probably dead in the Leyden coal mine, fourteen miles from Denver, are John Augustine, night foreman, and nine other men. The mine has been burning for twenty-four hours. One of its two shafts is destroyed, and the other cannot be entered. A government rescue car was sent up as a special train from Trinidad, and its crew, equipped with oxygen helmets, is now at the mine endeavoring to rescue the entombed men if living or recover their bodies if dead.

The mine is one of the largest in the state, and equipped with telephones throughout, but the connections are broken. The extreme limit of the oxygen supply in the largest of the chambers is forty-eight hours.

The mine took fire about a year ago, but the shaft in which the flames are raging was walled off and work continued in other ground. It is thought that the present fire was caused by flames eating through from the other fire.

### The Real Murderer Confessed.

Pittsburg, Dec. 16.—After sitting patiently in his cell at Riverside penitentiary for twenty years, Andrew Toth, doing a life sentence for murder, heard that the real murderer had confessed in Hungary and that his four sons, who have worked twenty years to clear their father's name of the crime, had been successful. Toth, who is sixty-three years old, collapsed when told that his pardon was on the way.

### One Way Out of It.

Frankfort, Ky., Dec. 16.—The Kentucky court of appeals has decided in the case of the commonwealth against the Southern railway that if a railway company carries whiskey into a local option district as baggage and without receiving any pay other than the price of the passenger's ticket no indictment can be returned under the statute for shipping whiskey into local option territory.

### Strikers Attack Police.

Chicago, Dec. 16.—Attacked by a party of striking garment workers as they were escorting a score of girl workers to work, Detective Sergeant Charles Weinicki and Policeman Albert Weinge opened fire, killing P. Nogreckis and fatally wounding Mike Lungiezcz. Both of the policemen were badly beaten.

### Pay Insufficient, He Says.

Wilmington, Del., Dec. 16.—Judge Daniel O. Hastings, resident judge of Newcastle county and a member of the state supreme court, has sent his resignation to Governor Pennewill. He gives as his reason a failure to support his family on the salary of \$4,000 a year.

## NO NEED OF ALL THAT FLUMMERY

Bath Tubs Not Necessary Says the House.

## WILL SELL ITS MARBLE TUBS

House of Representatives Had Violent Attack of Economy and Fired Bathroom Attendants and Voted to Sell Its Marble Bathtubs and Nickeled Fixings as Junk—Refused to Increase Secretaries' Salaries.

Washington, Dec. 17.—The house of representatives had a violent attack of economy and voted to discharge four bathroom attendants and sell its marble tubs and nickeled plumbing in the capitol to the highest bidder. The parsimonious streak thus developed disgusted many members of the house, both Republicans and Democrats. Uncle Lon Livingstone of Georgia, who was defeated in the fall primaries because he was too much of a stand-patter for a Democrat, listened to the bathtub debate with growing indignation and finally climbed to his feet, caught the speaker's eye and remarked:

"If we are going to be economical, let us go the limit. We can get but a small price for second-hand plumbing. Let us rent the bathroom out."

In addition to firing the bathroom attendants and rubbers, the house demonstrated that its economy was consistent for the day at least, by providing for the discharge of three clerks who draw \$1,600 each and who for unnumbered years have been working on what the optimistic hope eventually will be a digest of claims.

The joke of this particular bit of economy is that these three digesters are all Republicans, bound to lose their jobs in the next congress, and that five faithful Democrats have been in Washington the past two weeks as candidates for the positions. The Democrats at once left for home, very blue.

The house jumped all over the appropriation to increase the salaries of secretaries of members to \$2,000 a year. After this had been voted down plans to increase the salaries of the secretaries to \$1,800, and then to \$1,650, were treated in a similar manner. The salaries were left at \$1,500. The house likewise refused a recommendation of the appropriation committee that the civil service committee be allowed additional examiners.

### MAKING TEST OF IT

State Begins Action in Case of Alleged Shortage of Trustee.

Logansport, Ind., Dec. 17.—The first suit here to recover an alleged shortage in the accounts of former township trustees, as reported several months ago by state examiners has been filed by Attorney-General Bingham in the Cass circuit court, against Edgar E. Phillips, former trustee of Tipton township. Phillips's bondsmen are also named as defendants. The demand is for \$2,000. The complaint charges that while trustee Phillips purchased from himself and paid from the special school fund \$948.95 for fuel and school supplies. It also alleges he bought supplies from the firm of which he is a member, and paid himself rent for which the examiners could find no reason.

Nine former trustees of Cass county are alleged to be short in their accounts, and it is thought the case against Phillips has been filed as a test to ascertain the chances of recovering money from the others.

### MAY REPEAL LAW

Indeterminate Sentence Act Has Opposition in Indiana.

Indianapolis, Dec. 17.—Amos W. Butler, secretary of the board of state charities, has prepared for the forthcoming annual report of the board a report on the results of the indeterminate sentence law in Indiana. It is understood an effort will be made to repeal this law in the coming session of the general assembly.

On Sept. 30, the close of the fiscal year covered by the report, the law had been in operation thirteen and one-half years. In that time 5,690 persons were paroled under its provisions. Of these, 5,515 were men and 175 women. Of all this number, 26 per cent proved delinquent during their parole period, which, under the law, is at least one year.

### Popular Election of Senators.

Washington, Dec. 17.—The subcommittee of the senate judiciary committee has voted to report favorably to the full committee a resolution submitting to the states for ratification an addition to the constitution providing for the election of United States senators by popular vote. The resolution is practically identical with the resolution which passed the house in 1892.

### Guerra Resigns Commission.

Havana, Dec. 17.—General Pino Guerra has received President Gomez's acceptance of his resignation as commander-in-chief of the army, which he tendered rather than accept an official mission abroad, which was offered for the purpose of getting rid of him.

## Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, Price, 75c per bottle.

Take Hall's Family Pills for constipation.

### Ticket Agent Ill.

Thomas C. Kreinhagen, ticket agent at the B. & O. S-W. station, was taken ill Friday evening and was unable to be in the office this morning. Roscoe Speers, baggage master, is acting as ticket agent during the absence of Mr. Kreinhagen, and William Himler, jr., is working as baggage master.

Menlo E. Moore, who was acquitted at Vincennes of killing Charles Gibson, did not go to Battle Creek for treatment as it was announced he would. He has been in Bedford and Mitchell during the past few days looking after theatrical and other business interests.

George Coffren, one of the engineers who came from the Iron Mountain & Duluth Railroad several weeks ago to accept a position on the B. & O. S-W. was called to his home in Duluth, Minn., this morning on account of the illness of his wife.

### For Eczema, Tetter and Salt Rheum.

The intense itching characteristic eczema, tetter, but counteracts any allayed by Chamberlain's Salve. Many severe cases have been cured by it. For sale by Andrews-Schwenk Drug Co.

Several of the merchants have a supply of Christmas trees which were brought in from different parts of the country.

Two daughters have been born to Mrs. Bige Hall of the county infirmary. Mrs. Hall was taken to the institution some time ago after the death of her husband.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by Andrews-Schwenk Drug Co.

President William Cotter, of the C. H. & D. denies the report that that road is to be taken over by the B. & O. He said the later company had a seven year option on the C. H. & D. but that option had six years yet to run.

The peculiar properties of Chamberlain's Cough Remedy have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by Andrews-Schwenk Drug Co.

Mr. and Mrs. James M. Hamer are visiting his son, Will Hamer and wife at Cincinnati.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by Andrews-Schwenk Drug Co.

County Auditor H. W. Wacker, of Brownstown, was here Friday evening.

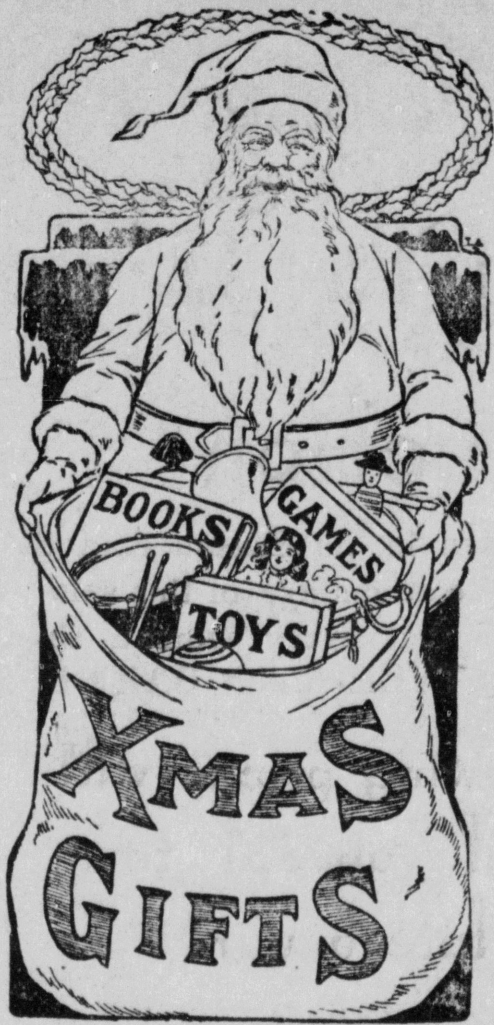

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by Andrews-Schwenk Drug Co.

The pension of Augustus Horton, of Walesboro, has been increased from \$24 to \$30.

Miss Nina Ewing left for Memphis, Tenn., this morning where she will spend the holidays with relatives.

## SUNDAY SCHOOL LESSON

DECEMBER 18, 1910

THE RESURRECTION. Lesson:—Matt. 28: 1-10

GOLDEN TEXT:—Lo, I am with you always, even unto the end of the world. Matt. 28: 20.

Those who know nothing of a risen Christ know nothing of faith or forgiveness of sins or life eternal and have no gospel to believe or preach (I Cor. xv, 14-19). It was the one great topic of Peter and Paul in all their preaching. "This Jesus hath God raised up." "The Prince of Life, whom God hath raised from the dead." "With great power gave the apostles witness of the resurrection of the Lord Jesus." "The God of our fathers raised up Jesus." "Him God raised up the third day and showed Him openly." "God raised Him from the dead" (Acts ii, 24, 32; iii, 15, 26; iv, 10, 33; v, 30; x, 40; xiii, 23, 30, 33; Rom. i, 4). Hear the Lord Himself to John in Patmos long after He had ascended. "Fear not I am the first and the last: I am He that liveth and was dead, and behold I am alive forevermore, amen, and have the keys of hell and of death" (Rev. i, 17, 18). In Col. iii, i, believers are spoken of as "risen with Christ" and are exhorted to seek those things which are above, where Christ sitteth on the right hand of God.

After He died Joseph of Arimathea went to Pilate and asked for His body, and he and Nicodemus took it and wrapped it in a clean linen cloth, with about 100 pounds weight of spices, and laid it in Joseph's new tomb and rolled a great stone to the door and departed. The women from Galilee, having seen where His body was laid, returned and prepared spices with which to anoint His body when the Sabbath should have passed and rested the Sabbath day. Was there ever a gloomier Sabbath to any believers? He in whom they had trusted as their Messiah, to whom they had lovingly ministered, for whom they had forsaken all, had been taken from them and crucified by the authorities as a wicked person, and now they were in great darkness, without any hope, for they looked not for His resurrection. "Having no hope and without God in the world" (Eph. ii, 12) is the condition of so many religious people today because they know not a risen Christ.

The first day of the week having come, they are found very early at the tomb to do what they had purposed for His dead body, but the tomb is open, the stone rolled away, and there is nobody to anoint, for as the angel from heaven said to the women: "Ye seek Jesus who was crucified. He is

not here, for He is risen, as He said." Mary Magdalene, who came with the other women, seems to have run to tell Peter and John as soon as she saw that the tomb was open and the body gone. While she was gone the other women saw the angels and heard their message and went to tell the other disciples. Peter and John ran to the tomb, and, having seen for themselves that it was empty, the linen clothes lying just as when the body was in them, they went away again unto their own home (John xx, 3-10). Mary Magdalene returned to the tomb and stood weeping; then, stooping down and looking in, she saw two angels and heard them say, "Woman, why weepest thou?" Even as they spoke to her I think that she saw them looking beyond her, and, turning around, she saw a man whom she supposed to be the gardener, who also said to her: "Woman, why weepest thou? Whom seekest thou?" But not until He called her by name did she recognize Him. Thus He appeared first to Mary Magdalene even before He had ascended to the Father (John xx, 16-17) in His resurrection body. As she went to tell that she had seen Him He, having ascended and returned, met the other women and allowed them to hold Him by the feet and worship Him (verse 9). Part of the angel's message to the women was "Go your way; tell His disciples and Peter" (Mark xvi, 7), the only one mentioned specially by name. Some time, somewhere, on that day He appeared to Peter alone (Luke xxiv, 34). In the afternoon He appeared to the two who walked to Emmaus, and He walked with them and opened to them the Scriptures. In the evening He appeared to ten of them (Thomas being absent), comforted them, showed them His hands and His feet and ate a piece of broiled fish and honeycomb before them (Luke xxiv, 36-43). Thus He appeared five times on that day, and we know that He appeared on at least five other occasions during those forty days. "He showed Himself alive after His passion by many infallible proofs, being seen of them forty days and speaking of the things pertaining to the kingdom of God" (Acts i, 3).

At the end of the forty days, having commanded them to wait in Jerusalem till He should send them the Holy Spirit, He visibly ascended from the Mount of Olives, and when He shall come again, to that same

mount, bringing His saints with Him, Israel shall receive Him, and He will set up His kingdom (Acts i, 10-12; Zech. xiv, 4, 5, 9). Our commission during His absence is to be His witnesses in the power of His Spirit, in all the world, in the consciousness of His presence and the manifestation of His power, that from all nations may be gathered His body, the church, that so He may come again (Acts i, 8; Matt. xxviii, 18-20; Acts iii, 19-21).

### Take Care.

When the kidneys are effected, life is in danger. Read what Foley Kidney Pills have done for your neighbor. Mr. Emmet Jackson, of Bloomington, Ind., says: "For the past few years I have worked over turpentine which I think is the cause of my kidney trouble. It started with an acute pain in the back over the kidneys. I felt all out of sorts and was annoyed by an irregularity of the kidneys accompanied by a scalding and burning sensation. There was a continual tenderness in the loins and a general feeling of weakness that unfitted me for my daily work. My eyes began to bother me and I had terrible headaches with dizzy spells. At this time I commenced taking Foley Kidney Pills and soon improved under the treatment. I kept it up steadily and now thanks to Foley Kidney Pills am well and strong again."

### FLEMING.

### For That Dull Feeling After Eating.

I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at Andrews-Schwenk Drug Company's drug store and see what a splendid medicine it is.

### ROCKFORD.

### A Simple Safeguard For Mothers

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. A. J. Pellens.

### ECLIPSE.

Hiram Wray has moved in with his sister, Mrs. Francis Brown, who lives near Pleasant Ridge.

Schuyler Wray is at home with his parents this winter.

John Wray thinks his health is slowly improving.

Several from this neighborhood attended the Lancaster sale at Clearspring Saturday.

## A MISSISSIPPI ENTHUSIAST

Mrs. Lena Gresham, of Clinton, Miss., Has a Few Facts to Tell Our Readers About Cardui.

Clinton, Miss.—"Thanks to Cardui," writes Mrs. Lena Gresham, of this place, "I have been greatly relieved."

"I suffered for three years from female inflammation, and had taken medicine from four different physicians without much benefit."

"I have received more benefit from seven bottles of Cardui, than from all the physicians."

Just try Cardui. That's all we ask. It speaks for itself. It has helped so many thousands, it must be able to help you.

Trying Cardui won't hurt you. It is safe, harmless, gentle in action, and purely vegetable.

If you are weak, tired, down and out, try Cardui.

If you are sick, miserable, and suffer from womanly pains, like headache, backache, dragging feelings; pains in side, arms, legs, etc.—try Cardui.

It is the medicine for all women. It is the tonic for you.

# Osteopathy

IS NATURE'S AID TO HEALTH AND APPEALS TO REASON.

It is not a cureall, but it adds years to the life and life to the years of chronic sufferers, who have tried other methods without success. If you are rheumatic, neuralgic, dyspeptic, paralytic, asthmatic, can't eat, can't sleep, all fagged out without exertion, fractions and fly to pieces, fear a nervous collapse, something is seriously clogging the wheels of life. The longer you try to work while the body machinery is out of gear, the greater will be the damage it suffers.

## The Human Body a Working Machine.

No defective machine can turn out good work. Every day that an "unclean" watch, auto, or any other machine is compelled to run, wears seriously its vital parts and saps its vitality.

Man of today is as near a machine as he probably ever can become, and still exist. To keep him in perfect "running order" he has to be treated as such. Now, if your watch or auto had slipped a cog, or was "clogged up" with foreign matter threatening its very existence unless removed, would you apply acid or dope to rid it of foreign matter or to adjust its parts?

## As With Auto and Watch

so with the human body; it gets out of running order through the process of life and needs repairing. It has been abundantly demonstrated in this community that health depends upon the human machine being kept in good mechanical order. Adjustment of the human body is the particular and special work of the

## SPAUNHURST OSTEOPATHIC PHYSICIANS.

That they are expert body mechanists, know what to do and how to correctly fix what is mechanically wrong with the body structure is evidenced by kindly expressions of those who have given their treatment a fair trial. Ask them about it.

A cinder gets in your eye, you poultice it and quell the inflammation, but the cinder will bring it back. Lift up the lid and remove the cause—the cinder—and the trouble will remedy itself. Just so it is when you are sick, before you can be well the cause must be found and removed. Which will you choose,

## MUCH TALK ABOUT OPTION QUESTION

Democratic Platform Committee Prepares Two Bills to be Presented to Legislature.

## WILL FOLLOW PARTY PLATFORM

One Measure Provides for Repeal, Other for Amendment of Present Law.

Just what action the coming legislature will take regarding the local option law is a question which is receiving much attention by many people of Seymour. As the democratic platform provided for an amendment and modification of the present law, it is generally believed that some change will be made, but just what kind of a law will be substituted is largely a matter of conjecture. It seems that the democratic leaders are unable to decide just what step to take and have several measures in view.

Some time ago it was reported that petitions would be circulated in Jackson county asking the voters to object to the repeal of the present law, but thus far no papers have been presented. In several counties, however, temperance leaders have presented such petitions, which will be forwarded to the legislature.

According to a late report the committee which was appointed by the democrats to prepare the bills which were advocated in their state platform, have two measures to offer when the legislature convenes. Some of the democratic representatives and senators, it is said, are opposed to the repeal of the law, and an effort will be made to keep such men in line.

One of the bills will be for the amendment of the county local option law nullifying the county unit law substituting the city and township units. The other bill probably will be for the repeal of the entire county option law and the enactment of a new law for township and city option. W. W. Spencer, chairman of the committee on platform bills, says he thinks the two bills will be prepared, but does not know which one his committee will select as the more desirable.

It has also been proposed that a high license measure be enacted, but Mr. Spencer declares that his committee will not take up anything outside the party platform. He said that if a high license law was introduced it would be aside from the option question.

## Saved Self and Daughter

Mattoon, Ill.—"Will you allow me for the benefit of others who may be in the same condition as I was to make a statement in this paper.

"I was in very poor health for years, was weak, ailing, and all run-down, and had lost in weight until I only weighed ninety pounds. I had been under a physician's care, without any benefit, for so long I was discouraged.

About a year ago I decided to try a tonic called Vinol, concerning which I had heard many favorable reports. I commenced to gain, and increased in weight until I now weigh 127 pounds, am in perfect health—and never felt better in my life.

Then, my daughter who lived in Martinsville, Ind., was an invalid, and no encouragement was held out for her recovery. After my experience with Vinol, we went to Martinsville and brought her to Mattoon, as she was helpless. When we got her here I put her on Vinol, with the same good results from it's use which I had—she gained in weight, and today she is well and strong and feels better than she ever did in her life." Mrs. O. M. Watrous. (We guarantee this letter is genuine.)

We have for years recommended Vinol as a grand tonic and body-builder, and every year we gain more and more faith in its wonderful virtues. It is certainly the best and simplest tonic restorative we know of. Andrews-Schwenk Drug Co.

## STORK BUSY IN JACKSON

This County Had Highest Birth Rate For Second Consecutive Month.

For the second consecutive month Jackson county has had the highest birth rate of any county in the state, the report for October which has just been published, showing a percentage of 31.3. The report for September this county was also in the lead.

The state report for October was somewhat unusual in the fact that Ohio county reported the lowest birth rate ever recorded in the office of the state board of health, there being only one birth in the county during the month. When it was received Dr. J. N. Hurty, secretary of the board, caused the county to be canvassed, in the belief that an error had been made, but the canvassing resulted only in confirmation of the official report.

The state rate for the month was 18.6, as against a rate of 18.3 for the corresponding month of 1909. The death rate for the month was 12, or 6.6 less than the birth rate. Warren county, which led the state for several months with birth rates above 30, fell to 18.2 for October.

The total of births for the month was 4,456, of which 2,209 were boys.

Word was received a few days ago that James A. Thompson, a brother of Jacob Thompson of Freetown, and at one time a resident of this county, had committed suicide at Dublin, Texas. He was a farmer and recent unfortunate investments are supposed to have been responsible for his suicide.

## GET-RICH-QUICK CRUSADE IS ON

Uncle Sam Pushing the Work of Cleaning the Mails.

## A BIG HAUL AT PHILADELPHIA

Twenty-Two Arrests Were Made by Postoffice Inspectors, the Most Important of Which Involved Quaker City Concerns Which Are Alleged to Have Been Using Mails in Pushing Their Alleged Fraudulent Practices.

Philadelphia, Dec. 17.—Postoffice inspectors made twenty-two arrests in this city, other sections of this state and New Jersey in a sweeping crusade against alleged get-rich-quick concerns who use the mails to further their schemes. The prisoners are all accused of using the mails to defraud, some being said to have conducted stock and land swindles, while others are accused of selling goods for which they never paid or securing money for articles never sent to the would-be purchasers.

The most important arrests were made in Philadelphia, when four former officials of the Chain Shoe Store syndicate, a concern which the postal inspectors describe as a rival of the National Public Utilities company, were taken into custody and held for a further hearing on Jan. 6. The men arrested are: Louis L. Rude, president; Edward Pohlig, second vice president, and George S. Brooks, third vice president. All of the men are of more or less prominence in local financial circles. The postal officers say that former officers of the Chain Shoe Store company had as assets a handsomely furnished office in the Franklin National bank and a cobbler shop described in the literature of the company as a factory able to run out 300 pairs of shoes a day. The company said its scheme was to own and control shoe stores and factories in various parts of the country.

Another company whose officials were arrested was the Pine Heights Land company, with offices in this city. The scheme which the government says was worked, was similar to that of the companies which were raided some time ago. The company had a tract of land near Tuckahoe, N. J. The postal officials say it was represented to be improved, but in reality was covered with scrub oak. The company is said to have given away between 400 and 500 lots, charging \$4 for the deed to each lot, and to have sold about the same number of lots for prices ranging from \$25 to \$100 each. Using the mails to defraud was the charge brought by the federal inspectors.

Dr. J. B. Horinstein was taken into the dragnet on a charge of misusing the mails by mailing circulars claiming he could effect the cure of certain diseases. The charge against J. H. Lepsch, a prominent jeweler of Ridgeway, Pa., is out of the ordinary. Lepsch has been pressing a claim against the Adams Express company for \$3,000 worth of jewelry, alleged by him to have been lost or stolen in transit. In pushing the claim, Inspector Cortelyou said he used the mails and came under the federal law for fraud. The consignment of jewelry sent to a Philadelphia firm for appraisal was not sent at all, it is charged, but an empty package went in its place.

The charge of sending obscene matter through the mails was made against Ira C. Webster of Newark, N. J., and Oscar Gustafson of Jersey City and Mrs. Laura Steen of Fern station, near Pittsburgh, was held by Commissioner Lindsey, charged with ordering embroideries of various kinds under different names, and after they were sent to her, denying that she had received them.

Another case of literature which came under Inspector Cortelyou's investigation was that of the "Corresponding Institute of America," located at Scranton. The complaint against the institution alleged that the men have devised to defraud in conducting an alleged correspondence school for teaching art by mail. The other arrests were made for various abuses of the public confidence, and Inspector Cortelyou said he would continue the crusade against misrepresentation until the mailbag becomes reasonably free from the class of literature that has lured immense sums of money out of the pockets of the people.

## TO ARBITRATE IT

Movement to Adjust Dispute Between Engineers and Western Roads.

Chicago, Dec. 17.—On the arrival in Chicago today of Charles P. Neill, commissioner of labor, who came here from Washington at the request of the managers' association of the railroads, steps toward averting a possible strike of 33,000 locomotive engineers on sixty-one western roads formally began. Mr. Neill will be followed to this city in a few days by Chairman Martin Knapp of the interstate commerce commission, and these two officials will act as mediators in an attempt to bring the officials of the Brotherhood of Locomotive Engineers and the railroad managers together.

Both sides have taken a determined stand, the railroads refusing to grant the demands of the engineers, even after the latter had voted to strike unless the advance of 15 per cent in wages was granted. The railroads offered an increase of 9 1/2 per cent. Minor points relating to hours and working conditions are involved in the controversy.

## LAFAYETTE BUCKET SHOPS SHUT DOWN

One Effect of Raid on Sid McHie's Place.

Chicago, Dec. 17.—In connection with Thursday's raid by government men on the various offices of the Capital Investment company two more arrests have been made. The men taken into custody are T. J. Mcaney, said to have been employed as a bucket shop operator for a number of years, and J. E. King, said to have held an important position with the Capital company.

William J. Lloyd, district traffic manager of the Western Union Telegraph company, visited Superintendent D. E. Woody with assurances that there had been no attempt on his part to evade arrest. Lloyd is charged with being an accomplice in the bucket shop operations.

From Lafayette, Ind., where raids were predicted on two commission firms indirectly connected with the Capital Investment company, information was received that both firms had suspended business. One, that of H. F. Monroe & Co., which has been receiving the wire service of the Capital company, remained closed, but announced it would reopen in a few days with wire service from a New York concern.

Sidmon McHie of the Capital Investment company was taken into custody by a deputy United States marshal. He appeared before United States Commissioner Foote soon after and furnished bail of \$10,000.

## WAITING FOR ANSWER

Blind Preacher Who Seeks Death by Electrocutation.

Battle Creek, Mich., Dec. 17.—Waiting for an answer to the appeals he sent out in personal letters to the governors of Ohio, New York, Illinois, New Jersey and West Virginia, asking that he be allowed death by the electric chair, the Rev. Thomas McKinsey, blind singer and former pastor, admits that his plea has not yet been granted.

He stated that while he believed suicide wrong, he might take his own life in case his request was not honored.

"I am praying my request will be honored by some one of the governors," said McKinsey. The members of his family, while taking every possible care of him, are inclined to the belief that McKinsey is losing his reason. Three months ago they filed a petition to have his sanity investigated, but a commission of two of the ablest physicians in the city declared McKinsey was of sound mind and in possession of all his faculties, though suffering from extreme nervousness.

## WE DO PRINTING THAT PLEASES.

## HOLIDAY GREETING

Christmas comes but once a year—the time of great rejoicing. We are thankful for life, health and abundant harvests; our gratitude finds form in greeting to our friends. All good for which we strive is linked to the higher nature of man, and to the Infinite through service to Him.

The divine gift of friendship is exceeded only in gratitude that comes from righteous actions worthily done in the service of mankind. That we have the privilege of representing in this community a Natural method that relieves pain, adds health and prolongs life is most gratifying. Our object is to share these blessings as far as we may with those who labor under the handicap of ill health.

It is in the spirit of humility and with a sense of our own unworthiness that we refer to the kindly expressions of confidence and esteem of patrons who regard us their benefactors. Such appreciation makes life a privilege and gives impetus to our work. If gratitude be our due, we assure you, kind friends, it blesses alike both the giver and the receiver. To give to mankind a better way to health and to bring glad tidings of healing to many sufferers who had lost hope is indeed a blessing.

To displace disease with health is the greatest of all human endeavors. No better gift could be bestowed. Evidencing our desire to act kindly and show sympathy to the afflicted, we feel it our duty to tell them of the generous and good gifts that come from the skilful application of Osteopathy by the Spaulhursts Osteopaths, at their offices in this city every Monday, Wednesday and Friday.

Our willingness to help you is evidenced by our free consultation and examination, which gives us an opportunity to give you an honest opinion of the cause of your ailment and to explain the application of our treatment to your individual case. We endeavor to give a little more satisfaction than is expected and make good every promise. Thus patrons are invariably satisfied, become "boosters" and keep us busy.

Wishing one and all a merry Christmas, a happy and prosperous New Year and realizing without health there can be neither of the former, we commend to you Nature's own way to health. We again express our thanks and appreciation for the liberal patronage accorded us and hope to merit a continuance of your favors by seeking to give still more efficient and effective service.

DR. JOHN F. SPAUNHURST.

have a number of points in their favor—their beauty, durability, strength and sanitary qualities are unsurpassed.

Until recently their high prices have kept many people from using them, but considering the length of time they last, they are now no more expensive than most other kinds.

You spend more time in bed than any other one place and a brass one isn't any too good for you. We have a variety of unusually attractive designs embodying all the latest ideas in brass beds from \$10.00 to \$60.00.

## CHRISTMAS FUND INCREASING

Many Persons Anxious to Help in the Good Cause.

Several contributions have been sent to this office for the Santa Claus Fund which will be used in making worthy and needy homes places of happiness on Christmas. Many persons have made inquiries about the fund which indicates that the people are interested in it and want to make it a success.

The money which is contributed will be turned over to the charity organization within a short time, and the committees will expend it where the greatest benefits will result. Besides purchasing provisions, toys for children will be provided, and it is hoped that a sufficient amount will be contributed so that every boy and girl in Seymour will have a happy Christmas. In order to do this it is necessary that the money be given within the next few days so the committee will know the exact amount which will be at their disposal.

The following amount has been received:

Previously reported.....	\$12.50
Iris Cox.....	.50
Cash.....	1.00
Sim Watkins.....	1.00
A Friend.....	1.00
Marjorie and Virginia Jordan.....	1.00
Total.....	17.00

## Welcomed.

The Cincinnati Post has the following regarding the marriage of Mr. Fred Bender, of Middletown, O., and Miss Carrie Pfaffenberger of Seymour.

"Mr. Fred Bender, the local agent for the Cincinnati Post, hied himself off to Seymour, Ind., yesterday where he was married to Miss Carrie Pfaffenberger, one of the fairest maidens in the Hoosier state this morning. After the ceremony the young couple left for this city arriving here about 1:30 o'clock. As they came into town the friends of the happy groom met them at the train and gave them a royal welcome showering them with rice and old shoes.

"They will make their home with Mr. Bender's mother on Sutphen avenue until their new home on George street is completed.

"Mr. Bender's many friends in this city wish for him and his fair bride much happiness throughout their wedded life."

The bride is the charming daughter of Mr. and Mrs. John Pfaffenberger, and has many friends in Seymour.

## SHOES

DEAR SANTA CLAUS:—

Ma says you have so many little ones to please that I had not better ask for much this year and that you would be most pleased if I asked for something useful. So I ask for a pair of Educator Shoes, the kind that has room for all five toes and don't make me limp. Nellie was delighted with those red top Jackie boots she saw in Ross' window, so I am sure a pair of them would just suit her. Bud saw some Jackie leggins at Ross' that caught his eye. Papa's slippers are about wore out and I know Ma would like a pair of felt fur top house slippers. Now Santa don't forget, please. Good-bye.

MAUD.
